THE DECISION

Which VIP experience feels right?

All three include $100, second & third row seating, one lunch and badges delivered.

My recommendation: 01 · Violet Spotlight

The clearest fit for iSmile's current design, with a visibly different VIP experience.

Bold without complicating registration

Compare	01 / Violet Spotlight	02 / Lavender Atelier	03 / Afterglow Pass
The mood	Confident, vibrant, unmistakably VIP.	Airy, elegant, understated.	Immersive, dramatic, ticket-focused.
What changes	The VIP card fills with purple; selected form accents follow.	A lilac package opens below the ticket choices; benefits reveal.	A purple pass takes center stage against a dark registration area.
Animation	Gentle lift + one purple light sweep.	Soft unfold + staggered benefits + badge reveal.	Shallow ticket tilt + a brief purple glow.
VIP color	Electric violet / #713BE2	Lavender / #8F68C7	Luminous violet / #AC82FF

The registration flow

1. Choose Student, Professional or VIP.

2. Enter your details.

3. Review the selected package and pay.

Small details that make the motion work

One short transition when VIP is selected.

Clear selection even with motion switched off.

Same package and price on desktop and mobile.

Your choice: 01 / 02 / 03

Or combine a card style from one option with the motion from another.
